#### Alabama Golf Resorts

weet Home

Alabama boasts world-class golf resorts from north to south. The Robert Trent Jones Golf Trail leads the way with five stay and play resorts.

Top of that list is the re-branded Grand Hotel Golf Resort & Spa in Point Clear, It's now a member of the one-of-a-

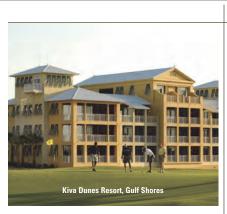

kind Autograph Collection Hotels. The Grand's recent transformation blends the best of the resort's Southern charm and traditions with the modern amenities today's guests demand. The resort's iconic fireplace lobby, live oaks and Bucky's Lounge remain while new pool cabanas, restaurants, meeting space and an immense golf training facility, called The Experience were

added. The all-in-one destination features a full-service spa, two RTJ Golf Trail courses, seven restaurants

> and lounges, two beaches, and multiple pools along Mobile Bay near Fairhope.

The Marriott Shoals Hotel and Spa in Florence is also a member of the RTJ Golf Trail Resort Collection. It is located just across the Tennessee River from the 36-hole RTJ Golf Trail at the Shoals. The hotel amenities include a spa, fitness center, outdoor pool complex, and two on-site restaurants, one of which is 360 Grille, the state's only revolving restaurant.

Renaissance Ross Bridge Resort near Birmingham is arguably the state's

most luxurious resort, featuring fine dining, a sports bar, a world-class spa and the 8,200-yard golf course.

Two additional Marriott hotels are located along the Trail in Prattville at Capitol Hill and in Opelika at Grand National. Both resorts have just been renovated and/or expanded, are adjacent to their respective RTJ Golf Trail courses, and offer first-class lodging and restaurants with lounges.

South of Birmingham, Pursell Farms in Sylacauga is a multi-faceted stay and play spot offering golf

cottages, an 8-room lodge, and the new Inn. The Inn, with its restaurant and pub, sits along the 18th fairway of their FarmLinks Golf Course.

Gulf Shores is home to the state's only beachfront golf resort. Kiva Dunes offers condos along the 18th fairway of the Jerry Pate-designed course and above the 6-story clubhouse, plus beachfront homes. The resort also offers a restaurant, tiki bar, fitness center, three unique pools, and a beach club right on their half mile of private beach along the Gulf of Mexico.

#### Robert Trent Jones Golf Trail

The Robert Trent Jones Golf Trail is a visually stunning collection of masterpiece courses, carved out of the hills, valleys, and marshes of Alabama. A mind-boggling total of 468 holes on 26 courses provides an unforgettable experience to golfers looking to experience something really special on their next golf vacation.

Over 100 miles of golf were built to stand the test of time. The courses were designed by Mr. Jones with two major objectives in mind: to challenge the world's best golfers for years to come and to provide an enjoyable round for the casual or beginning player. And the

#### The Shoals, Muscle Shoals/Florence

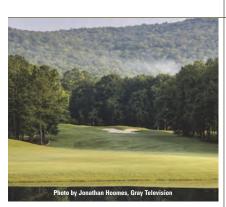

The Shoals offers 36 holes in northwest Alabama. The Fighting Joe course, named the best new course by *GOLF* in 2005, runs along the Tennessee River and measures 8,072 yards. Length will present the biggest challenge, as the rolling fairways are pretty straightforward. The Schoolmaster course is a bit more challenging with more narrow fairways and protected greens. Trail's efforts to encourage economic growth and boost tourism in the state have been a huge success.

When the first course along Alabama's Robert Trent Jones Golf Trail opened in 1992, the golf vacation experience was changed forever. Moving around Alabama, golf groups try to play as many sites in a trip as possible and they come back year after year to fit in a few more locations. With eleven golf complexes and eight hotels and resorts sprinkled around the state, the opportunities to experience this one-of-a-kind trail of affordable and challenging golf are endless.

#### Ross Bridge, Hoover/Birmingham

Just outside Birmingham, located a few miles from Oxmoor Valley is the Trail's only single course facility. Measuring 8,184 yards, the stadium-style course offers spectacular views and a "big-shouldered, muscular" layout. It's not for the weak at heart. But the on-site Renaissance Ross Bridge Resort and Spa offers a nice respite from a challenging day on the links.

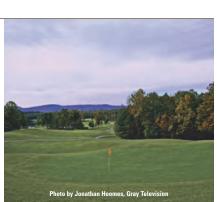

#### Hampton Cove, Huntsville

This northern site on the Trail is one of the most unique. It features two completely different championship layouts and an 18-hole links-style Short Course. The Highlands features beautiful vegetation and lots of elevation changes, while the River is flat, yet scenic, as it winds its way along the Flint River. It is also the only RTJ design with no bunkers.

#### Oxmoor Valley, Birmingham

This site combines the spectacular views and tremendous elevational changes of the Ridge Course with the peaceful serenity of the Valley Course. The Ridge is densely wooded with rolling fairways and perfectly maintained greens. The Valley offers sparkling lakes and a challenging uphill finishing hole. There's also and fun and challenging Short Course.

#### Silver Lakes, Anniston/Gadsden

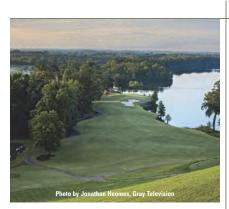

Located amidst the scenic splendor of the Talladega National Forest, Silver Lakes sports three of the most beautiful and challenging nines. Heartbreaker is considered the toughest nine on the Trail; Backbreaker offers breathtaking vistas; and

> Mindbreaker demands precision. The nine-hole Short Course features water on seven holes.

#### Grand National, Auburn/Opelika

This first Trail facility to open for play was praised by Mr. Jones himself as the greatest site for a golf course he had ever seen. The facility boasts two of the most challenging courses on the Trail, Links and Lake, an exciting Short Course and an on-site AAA four-diamond Marriott hotel. Plus, the Lake Course has hosted both the PGA TOUR and NCAA Championships.

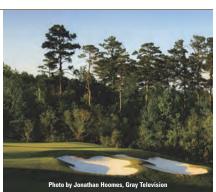

#### Capitol Hill, Prattville

This locale, just north of Montgomery, has three 18-hole full length courses. The Senator, a links course with huge pot bunkers and soaring mounds, hosts the LPGA's future players each fall; the Legislator features tall pines and the famous Sky Bridge; and the Judge offers one of the most spectacular first tee shots anywhere.

#### Highland Oaks, Dothan

In Alabama's southeast corner, this site is known for its tremendous length and shimmering lakes. The Marshwood nine trumpets the longest hole on the Trail, the 701-yard par-5 sixth; Highlands is wide open but many lakes come into play; and Magnolia features the massive, signature trees and a 1,000 foot wooden bridge. The nine-hole Short Course is exciting too.

#### Cambrian Ridge, Greenville

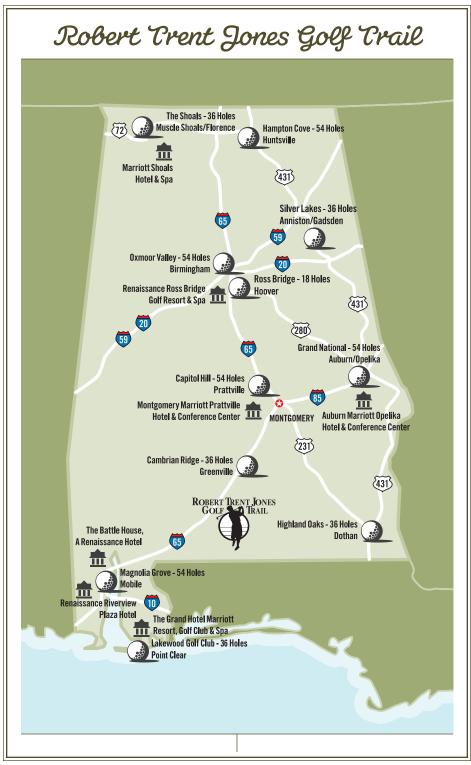

South of the capital, this 36-hole complex is one of the true jewels of the Trail. The Canyon nine's changes in elevation include a 200-foot drop from tee to fairway; Sherling runs along the lake and features a double-green on nine; and Loblolly boasts

stately pines and undulating fairways. The nine-hole Short Course is nestled perfectly along the lake.

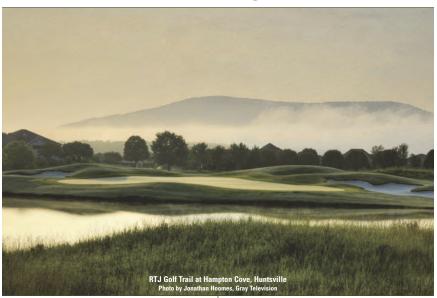

#### Magnolia Grove, Mobile

Having hosted the LPGA for sixteen years, the Crossings course is wellknown to golfing fans around the world. The hilly terrain and elevated greens are a challenge. The 18-hole Falls course features massive bunkers and exciting greens. Both were recently renovated to create more player friendly layouts. The Short Course is ranked 4th in the world by *GOLF*.

#### North Region

The fertile valleys, rolling hillsides, and pristine lakes of North Alabama have provided golf course architects with an amazing pallette from which to create their designs.

The Robert Trent Jones Golf Trail sites in the region are truly unique. In the northwest corner, the cities of Muscle Shoals, Florence, Sheffield, and Tuscumbia form the area collectively known as "the Shoals." The Shoals is best known as the "Hit Recording Capital of the World" since many of the top songs of the 60s and 70s were recorded here.

The RTJ Golf Trail at the Shoals features two championship courses. The Fighting Joe was the first Trail course to reach over 8,000 yards and lands fourth on *GOLF Magazine*'s list of "best courses you can play" in

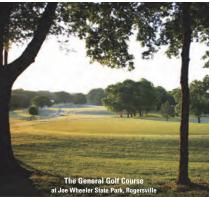

Alabama. The more traditional layout found on Schoolmaster weet Home requires thoughtful strategy and precision. Situated along the banks of the Tennessee River, many of the holes, plus the clubhouse, offer spectacular panoramic views. A more picturesque site would be hard to find. Additionally, one of the eight hotels in the RTJ Golf Trail Resort Collection is located across the river in Florence. The Shoals is typical of Alabama's Golf Trail - great value, consistent conditioning, challenging golf, and great customer service.

Also in the Shoals area, Cypress Lakes in Muscle Shoals is another fun test of golf. The facility features a beautiful championship course with new Mini Verde greens. And just down the road is one of the four Alabama State Park golf courses at Ioe Wheeler State Park in Rogersville. It offers an 18-hole course, designed by Alabama's own Earl Stone. One of Stone's early efforts, it's a fun open course that's also got some bite from the tips. On the shores of Wheeler Lake, the state park resort features a waterfront lodge with restaurant and convention facilities. full-service marina with permanent and overnight docking slips, camping, and lakeside cottages.

Farther east in Decatur, Point Mallard Park is a complete family recreational facility, offering great outdoor activities. The 750-acre park lies hidden among North Alabama's densely wooded pines and has camping, hiking trails, biking trails and an 18-hole championship golf course. The Point Mallard Golf Course is almost 7,000 yards long from the tips and offers exceptional conditioning and a fair test of golf. Most notably, it's been called the "best value in North Alabama" by a *Yelp* reviewer.

Hampton Cove in Huntsville is the other RTI Golf Trail site in the most northern part of the state. Two totally different experiences await at Hampton Cove with the Highlands and the River courses. The Highlands is a Scottish-links style course where Japanese black pines, massive oaks, dogwoods and crepe myrtle abound. It's very picturesque, even featuring an old mule barn adjacent to the 5th hole that has become guite a conversation piece over the years. And the River Course has the distinction of being the only Robert Trent Jones design without a single bunker. The course was laid out on a former soybean plantation at the edge of the Flint River flood plain. Great care was used to incorporate the wonders of Mother Nature into the

scheme of things, showcased by the enormous old oak tree behind the 18th green... reputedly over 275 years old!

Northeast of Huntsville is one of the more popular settings for golf at Goose Pond Colony in Scottsboro. Located on the banks of Lake Guntersville, this laid-back resort features two 18-hole championship golf courses, cozy lakeside cottages, a lodge, restaurant, campground, and fullservice marina. The two courses available are the Lake and the Plantation. The Lake is a George Cobb design that sports views of the water from every hole. The Plantation course is known for pristine greens, open fairways, and numerous hazards.

Guntersville, just a bit south of Scottsboro, and the locale of several championship golf courses, is situated perfectly to be a home base for a golf vacation to the northeast corner of Alabama. Eighteen masterfully crafted holes covering just under 6,900 yards and offering awe-inspiring beauty, with a choice of difficulty ranging from moderate to pretty darn tough, are what you'll find at Gunter's Landing. Eagle's Nest Golf Club overlooks beautiful Lake Guntersville and is located at the state park. It's fairly CONTINUED ON PAGE 16.

Start your Trail adventure in Huntsville... come enjoy a round or two at Hampton Cove which features two 18-hole championship layouts and an 18-hole short course.

traditional in design with water coming into play often and bunkers strategically located to snare that errant shot. The final Guntersville area course of note is Cherokee Ridge in Union Grove. The scenic course is nestled in the rolling Appalachian foothills. It is a tree-lined layout with narrow Bermuda fairways and large undulating Bentgrass greens. The Lake House at Cherokee Ridge is the perfect spot for golf groups. Situated high on a knoll overlooking both the golf course and a sparkling 17-acre lake, it has seven large guests rooms and baths, plus full kitchen and outdoor patio

#### Central Region

The whole golfing world had its in A eyes on Central Alabama when Ariya Jutanugarn of Thailand defeated Sy Hyo-Joo Kim of South Korea in a four hole playoff at the 2018 U.S. Women's Open. This most prestigious event in women's golf was played at Shoal Creek outside Birmingham. Although the Jack beck Nicklaus design is private, there are plenty of other courses to come visit. Rer

Golf locales in this region are a dichotomy of sorts, featuring both the bustling city nightlife and laid-back towns with a slower pace. Those two stay and play options couldn't be more apparent than by the fact that two of *GolfWeek*'s "best courses you can play" in Alabama are partnered with unique lodging. They are Pursell Farms in Sylacauga, at number one and Renaissance Ross Bridge Resort

and Spa, ranked fourth on the prestigious list.

Alabama's largest city, Birmingham, has certainly become golf central, with so many great courses from which to choose. And the Renaissance Ross Bridge Resort and Spa leads the way. The AAA fourdiamond rated resort is the centerpiece of a 1,700-acre home community in Hoover and includes the 8,191-yard golf course that's part of the Robert Trent Jones Golf Trail. It's the fifth longest course in the world. The layout flows in

a clover leaf fashion, returning to a central locale no fewer than five times. Even with its intimidating length from the back tees, elevational changes, and water holes, Ross Bridge is still a resort course at heart with wide fairways and receptive greens. It's number seven in the state, according to *GOLF Magazine's* most recent "Best Public Golf Courses" rankings and *Golf Digest* named it a 2019 Editor's Choice resort.

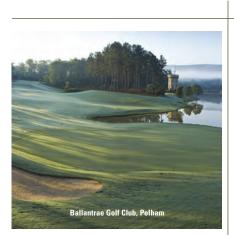

It's not just golf editors who speak so highly of Alabama's most luxurious resort. *Travel+Leisure* ranked Ross Bridge among the top 500 hotels in the world; *Conde Nast Traveler* named it among the best hotel spas; and *TripAdvisor* awarded Ross Bridge Resort its prestigious Certificate of Excellence. These accolades are welldeserved since the resort also boasts a full-service spa, plus two restaurants, a lobby bar, coffee shop, well-equipped fitness room, and both indoor and outdoor pools. The exterior resembles a Scottish castle with soaring turrets and stonework, and at dusk, a lone bagpiper makes his way around the hotel paying tribute to the birthplace of golf.

Situated just a mile away from Ross Bridge is Oxmoor Valley, the Trail's first Birmingham site. It offers two unique full-length courses, The Ridge and The Valley, plus an exciting 18-hole par 3 course. The Ridge Course has tight tree-lined fairways and huge changes in elevation, while the Valley Course is more open off the tee and more aesthetically pleasing with its gently rolling fairways and meticulously landscaped backdrop.

Located in the historic Highlands neighborhood of Birmingham sits Alabama's oldest golf course, Highland Park. The course has been the site of many important golf tournaments including one of Bobby Jones' first victories and boasts smooth Bentgrass greens and rolling terrain. Highland Park is one of eight courses in the state managed by Alabama's own Honours Golf Company, a division of Troon<sup>®</sup>.

Just south of Birmingham in Pelham is Ballantrae Golf Club. This Bob Cupp-designed course meanders through a scenic valley, surrounded by gorgeous woodlands and breathtaking views. The clubhouse resembles a Scottish manor and the club is the home of the Dixie Section of the PGA.

Also in Pelham, the Alabama State Parks boast the 18-hole championship course at Oak Mountain State Park. The Oaks Golf Club is another Earl Stone design, featuring Bermuda greens and many challenging dogleg holes.

Playing 7,000 yards from the back tees. FarmLinks at Pursell Farms. located southeast of Birmingham in the small town of Sylacauga, is the world's first "research & demonstration" golf course. The facility was built to experiment with and showcase golf course machinery, irrigation systems, and fertilizer to visiting course superintendents. In addition to the its number one ranking from Golfweek, it sits third on GOLF Magazine's "Best Courses You Can Play" in Alabama list. Plus the many golfers who have played the course and submitted reviews on GolfAdvisor have made FarmLinks the fifth best course in the state.

The boutique resort offers stay and play golf packages in several four bedroom, luxurious cottages, in the eight bedroom Parker Lodge and in the CONTINUED ON PAGE 29.

Central and southeastern Alabama this come together to form the South lake Region of the state. where you can per experience the state's unique history, culture, waterways and four RTJ Trail facilities.

Golf Digest once named Auburn-Opelika the "Most Golfer-Friendly" city in America. This was due in large part to Grand National, the first complex to open along the RTJ Golf Trail. Located about 90 miles southwest of the Atlanta airport, the 54 holes at Grand National were thought to be the favorite site of Robert Trent Jones himself. The Links Course features, arguably, the finest finishing hole on the Trail. the drive on this par 4 must carry the corner of the lake, while the approach must reach a pedestal green protected by boulders.

Twelve holes on the Lake Course hug the shoreline and its 230-yard, island green 15th has been called "the single prettiest hole on the Trail." Both are included in GOLE courses Magazine's, Golf Digest's and Golfweek's rankings of the top courses in the state, plus, the Auburn/Opelika Marriott Resort at Grand National was listed among Golf Digest's Editor's Choice resorts: retains AAA Four Diamond status; and was named "hotel of the year" in 2018 by Marriott International. This resort in eastern Alabama has

recently added 95 guest rooms and the luxurious Spa at Grand National.

Capitol Hill in Prattville is just 10 minutes north of the state's capital, Montgomery. The three full length courses are aptly called The Judge, The Senator, and The Legislator. GOLF Magazine once named the Judge one of 10 public courses worthy of hosting a U.S. Open and it's the highest ranked public course on Golf Digest's 2019 "best golf courses in Alabama" list. The course offers a stunning view on the first tee, 200 feet above the fairway overlooking the Alabama River. The Legislator is hilly and more traditional. The Senator is a Scottish links-style course with 160 pot bunkers and mounds reaching up to 40 feet.

Overlooking the 17th fairway of the Senator Course, the Prattville Marriott Hotel & Conference Center at Capitol Hill was the first lodging built directly on the RTJ Golf Trail. It features 74 guest rooms, two eight-bedroom villas, and a restaurant/lounge.

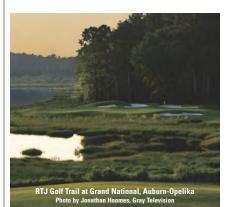

Located in Greenville, 40 miles south of Montgomery, the RTJ Golf Trail at Cambrian Ridge is set along the scenic southernmost edge of the Appalachian foothills. The changes in elevation are extraordinary and the three championship 9-hole courses offer an unforgettable experience. In fact, the Sherling/Canyon combination is ranked third in Golfweek's "best golf courses you can play" in Alabama.

Situated in the southeast corner of the state, the Robert Trent Iones Golf Trail at Highland Oaks is comprised of three championship nines and a ninehole Short Course. One of the regulation length courses, Marshwood, is home to a monstrous par-5 boasting 701 yards; and another, Magnolia, features the longest bridge on the Trail - over 1,000 feet spanning the marshes and wetlands so prevalent in the area.

The South Region's history and culinary treasures, plus four Trail sites, make it the perfect home base for an Alabama golf vacation.

### Gulf Region

In the Gulf Region of Alabama, experience the history and nightlife of 10th, featuring a waterfall that cascades Mobile or the sugar-white sands and clear, blue waters of Gulf Shores and Orange Beach. weet Home

Mobile's premier golfing facility is the 54-hole RTJ Golf Trail at Magnolia Grove. The Crossings Course is very hilly, featuring numerous pulpit bunkers, huge cloverleaf bunkers, and undulating greens that demand extreme caution. It's a shotmakers course that demands accuracy both from the tee and at approach. Additionally, the course played host to the LPGA for many years. The Falls Course features one of the most talked-about holes on the

entire Trail... the par-five, 570-yard just below the heavily contoured green. It isn't as hilly as the Crossings, but plays a bit

longer from the tips. The 18hole Short Course at Magnolia Grove is considered number one on the Trail, as it's ranked high on almost every list of best Par-3 courses

On the Eastern Shore of Mobile Bay are two of legendary Alabama architect Earl Stone's most challenging. vet rewarding layouts. At Rock Creek in Fairhope you'll be amazed at the incredible changes in elevation for this part of the state. But as challenging as the layout can be, this course treats the

high handicapper with great respect. The other Earl Stone course is TimberCreek, located in Daphne, just off Interstate 10. This 27-hole layout offers wide, rolling fairways, carved from a dense forest of magnolias, pines and dogwoods.

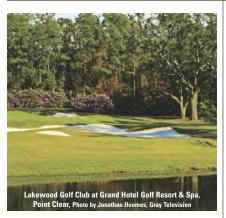

Also on Mobile's Eastern Shore. the Grand Hotel Golf Resort & Spa, an RTJ Golf Trail resort division property, has recently experienced a total renovation and is better than ever. The resort offers the legendary Lakewood Golf Club to visitors to the Eastern Shore. The two upgraded courses at Lakewood. Azalea and Dogwood, meander around spring-fed lakes and are framed by stately magnolia, oaks and dogwoods which have been around for quite some time. Perhaps the signature hole at Lakewood is the 14th on the Azalea course, a par-five with a much-photographed island green. Steeped in history and located on over 500 secluded acres along Mobile Bay, The Grand Hotel offers

superb dining and many ways to be pampered. The resort has upheld this grand tradition of Southern hospitality, charm and elegance since 1847 and it's known as the "Grand Dame" of Southern resorts.

Coastal Alabama's sister towns of Gulf Shores and Orange Beach continue to gain popularity with golfers. The area boasts 171 holes of golf within a 15 mile radius. Lodging options include beachfront condos and houses, on-site golf condos, as well as traditional hotels.

Located on an extraordinary piece of property directly along the Gulf of Mexico, Kiva Dunes is a masterpiece. And based on its rankings and many accolades, Kiva Dunes is arguably the Gulf Coast's most spectacular layout. It's the number one course in Alabama, according to *Golf Advisor* reviewers; it's ranked the second best "course you can play" in the state by *GOLF*; and it's one of *Golfweek*'s top ten Alabama courses, as chosen by their professional raters.

This Jerry Pate design boasts large, fast greens, huge bunkers are plentiful and the wind and blustery conditions that prevail along the Gulf of Mexico can make for a tough test. Kiva Dunes underwent a major renovation recently to improve the playability of the course for the average golfer, while retaining the challenges enjoyed by more experienced golfers.

With 36 holes of Arnold Palmer signature golf, Craft Farms certainly

shaped the golfing landscape in Gulf Shores. The first Palmer design in the area, Cotton Creek, offers a very unique setting. Featuring gently rolling fairways and large undulating greens, it's very playable from the forward tees and a true test from the tips. It plays over 7,000 yards from the back. The newer of the two Arnold Palmer designs in Gulf Shores is Cypress Bend at Craft Farms. The layout features sprawling bunkers, top-notch greens and year-round lush, green conditions.

Earl Stone's unique design at Peninsula is a 27-hole masterpiece. This course offers generous, elevated Bermuda greens with subtle undulations and some of the finest white-sand bunkers and waste areas. The splendid beauty weaves its way through and among stately live oaks, natural cypress vegetation and more than 30 sparkling lakes. It is arguably CONTINUED ON PAGE 45.
